Sir,

I have the honour to lay before you the followin few facts and figures and request you to be kind enou to give them your favourable consideration.

The Court-hill Higher Elementary School ha boarding house attached to it in which there are 10 permanent boarders. Besides these the children t School are also given a midday meal free. It the only School belonging to the Mission where experiment has been tried and has been found fairly successful. In the other Schools only one is held thereby obviating the need for serving midday meal to children.

But here in this school we cannot but ha two sessions and at the same time cannot send boys home for their dinner as most of the child come from long distances. If we send them ho they are not likely to attend School in the aft noon. Further they will not get their dinner their parents are out for the whole day.

This meal alone cost us about Rs 250 per year and adds to our financial difficulties.

It is well known that attendance in Adi-dravida schools is usually not very encouraging and that various inducements like free midday meals, grants of books, slates and even umbrellas have to be given so as to secure satisfactory attendance.

This is only natural that for the purchase of these ~~books~~ things, it is beyond their means of the average Adi-dravida Lad.

The mission has been trying its best to give all these inducements but it has had to rely exclusively on public charity in the matter. But as it is well known public charity is of such a fluctuating nature that many a time the mission has found it extremely difficult to meet this very useful and necessary expenditure.

The permanent boarders mentioned above are boys coming from outside Mangalore for taking advantage of the instruction in the Boys' Lill School which is the only Adi-dravida School which is of a Higher Elementary standard with facilities for vocational instruction also.

These boys are so poor that not only we have to give them free boarding but also bear their travelling expenses to and from their villages
